01.  **No sitemap.xml found.**

Sitemaps are an easy way for webmasters to inform web bots about available web pages so that they can more intelligently crawl the site.

 Rating 0%

 Significance: ★★★

Accessibility

Reference: <http://www.sitemaps.org/> (<http://www.sitemaps.org/>)
02.  **Retrieved HTML document in 0.25 sec.**

Document retrieved successfully.
03.  **Invalid HTML document http://www.zoyaboguslavskaya.ru. 12 errors.**

Legacy encoding "windows-1251" used. Documents must use UTF-8.

Quirky doctype. Expected "".

Internal encoding declaration named an unsupported character encoding "win-1251".

Bad value "text/html; charset=win-1251" for attribute "content" on element "meta": "charset=" must be followed by "utf-8".

Attribute "height" not allowed on element "table" at this point.

The "align" attribute on the "table" element is obsolete. Use CSS instead.

The "width" attribute on the "table" element is obsolete. Use CSS instead.

The "border" attribute on the "table" element is obsolete. Use CSS instead.

The "align" attribute on the "td" element is obsolete. Use CSS instead.

05.  **Description meta tag found with content: ""**

The description attribute provides a concise explanation of a Web page's content. This allows the Web page authors to give a more meaningful description for listings than might be displayed if the search engine was unable to automatically create its own description based on the page content.

The description tag information is also used in web archives to describe archived web pages.
